Dear Russell:

Please add me to your list of
306th members. I was a bombardier
in the 368th, at Thurleigh from
Dec. '44 through VE day and beyond.

Red McKinney was our pilot although
I flew with several crews, mostly as a
navigator, after our original crew crash-
landed in Belgium. I completed 34 missions.

This past July my wife and I visited
Thurleigh, had a tour of the old base
and spent some time with Connie
Richards. Very enjoyable.

Hope to meet you soon. I'll send contribution
to treasurer.
