2. LETTER OF THANKS: The following letter from a civilian in a neighboring town is quoted for your information:

"Dear Sir:

I am one of the very many thousands that visited Thurleigh and was very interested in all I saw. I would like to say thank you for all you did last Thursday and lovely time spent. I have always been interested in planes and always had a longing to go up in one. Please accept this note from one of the many thousands who visited your aerodrome and wished to thank all who helped in every way. Hopes wishing the American Air Force the Best of Luck.
Yours respectfully,"

SUGGESTION BOX:

SUGGESTION: "In reference to the EM barber shop. I suggest that a system be set up wherein all men will have a correct and orderly service. Instead of the bickering and rushing for chairs. Place at the door a spindle with numbered tags and each man upon entering shall take one. The barbers will call for the next number in numerical order as they progress throughout the day. Giving each man his rightful turn without disturbance, creating no hard feeling and bringing a semblance of order to the ever busy shop."

ANSWER: An excellent suggestion. A similar system will be put into effect in the very near future.
