SUGGESTION BOX:

SUGGESTION: "In front of the post theater there is an accident board which lists man hours lost due to accidents. I suggest that the Safety Officer add 2000 hours to the total to account for the man hours lost waiting for the planes to go after the war one Saturday. A note could be added to explain, "Due to ... 's inability to get here on time."
ANSWER: Delay of the planes was the fault of no one in this organization.
