at Extension 55.

3. FOUND: Mechanical pencil on road in front of Theatre building. Owner  
can have same but calling at the Group Sergeant Major's Office.

SUGGESTION BOX

SUGGESTION: "There are a lot of nicely painted signs around the field reading  
"Speed Limit"---The fellow who painted them must be sore because there  
seems to be a high disregard for them.

It has always been rough trying to walk or ride bikes around  
here due to speeding and careless drivers, but not the buzzards seem to  
have increased in numbers, probably due to the slow redeployment rate.

How about authorizing the Officers on the field to stop a few  
of these speeders -- and also, how about urging the IP's to turn around  
when they are writing out petty violation slips, to notice one of these hot  
rock drivers ripping up the concrete".

Getting Scared.

ANSWER: The Provost Officer has been instructed to make a special effort  
to stop speeding and careless driving. S.D. understands the redeployment  
rate is due to speed up too.
