Lt. Sibley
Lt. Pullman

1320 Division 7C informs us 099-3675den. was parked
in a dispersal alongside another a/c - at Lavenham -
Other a/c was warming up when he jumped his choke
thereby causing his tail to hit tail of 099 -
making left horizontal stability 2/5.

1322 Group ops notified of above.

1400 On watch Lt. Sibley

1830 Inspected drone. Perimeter at S end of N-S R/W
has freshly laid concrete. English workmen left a
concrete mixer too close to perimeter at dispersal
36-37. Work appears to be stopped on dispersal
